

## European Hotline in five languages High speed inverter Exchange Service On-Site Service

At Danfoss Solar Inverters we know the demands of the solar industry. We also know that time is money, and every hour your solar panels are out of service is visible on your bottom line.

### European service in five languages

With more than 40 years of experience within power electronics we know what customers expect. This enables us to adapt to the swiftly changing needs of the solar industry.

Call our Hotline and let us take care of the rest. We speak five languages – English, German, French, Spanish and Italian – and know exactly how to provide the technical support you need.

### High speed inverter Exchange Service

We know what matters to you. This is why our high speed Exchange Service is ready to jump into action

the second you call the Danfoss Solar Inverters Hotline. If an inverter exchange is required, we guarantee that it is shipped as soon as possible and within no more than 24 hours.

### On-Site Service

If the service issue cannot be solved by our Hotline guidance or Exchange Service, our experienced On-Site service teams are prepared for the task, which is initiated within 24 hours.

Call our Hotline and we will find the easiest and fastest way ensuring that your system is up and running.
