

## NORTH AMERICA DANFOSS DRIVES

# — QUALITY POLICY —

### **Commitment to Quality**

Danfoss is committed to the design and delivery of globally consistent, high quality, technologically advanced products and service solutions for the markets we serve.

### **Customer Satisfaction**

We want to be recognized as a highly respected company, focused on understanding and satisfying our customers' needs and complying with industry standards.

### **Continual Improvement**

We are dedicated to continually improving our people, products and processes. This includes establishing and reviewing quality objectives for ensuring ongoing excellence of our products, services and customer support.
