

Danfoss is
present at
Bright Green fair

Bright Green takes place on December 12th -13th 2009 in Copenhagen, Denmark, in parallel with the United Nations Climate Change Conference (COP15). COP15 is the last call for a new global climate agreement — the Copenhagen Protocol — to succeed the Kyoto Protocol, which expires in 2012.

The fair is organized by the Confederation of Danish Industry and sponsored by Danfoss.

Bright Green brings to life a universe which addresses official delegates, the press, business delegates and the general public.

Bright Green showcases the business response to the climate challenge - not only as a traditional trade fair but also as a live statement from the world's most innovative and climate friendly enterprises.

Danfoss will be present at the Bright Green fair and present contributions for a green future.

The fair takes place in

Forum Copenhagen,
Julius Thomsens Plads 1
DK-1925
Frederiksberg C
Denmark

- from Saturday December 12. 2009
to Sunday December 13. 2009
