

INVITATION

Electricians, Technicians, Technologists, and Engineers

are invited to participate in

Danfoss VLT® Basic Drives Training

Date: 9 to 11 November 2011 (3 day session)

Course Content:

An introduction to asynchronous motors, variable speed drives, commissioning and programming of the Danfoss VLT® Automation Drive FC-300, commissioning and general fault finding is covered in the 3 day session.

Venue:

The course will be conducted at the new Danfoss premises in Johannesburg. A map is available on request.

Course fee:

The cost of the course is R 5,240.00 for the 3 day Session (Prices exclude VAT). The learner will be provided with course notes, manuals, and a certificate on completion of the course. Lunch and refreshments will be provided. Please advise of any special dietary requirements at least 1 week in advance.

Booking:

Closing date for booking is 25 October 2011. To maintain a high standard of training, seats will be limited. A completed booking form and official order or payment confirmation confirms your reservation on a first come first serve basis. No seats will be reserved without an official order or payment confirmation.
