

## E2 XL Modules

### Technical specifications

- Screw connected power terminals
- Flexible control terminal configuration
- Can be configured as:
  - Single switch max. 1x600 A
  - Half bridge 2x300 A
  - Custom designs
- Up to 690 V line voltage
- Possible features:
  - NTC
  - Shunt resistors
- Dimensions:
  - Size: 122x45x21 mm
- Up to 60 kW
